## A Day of Remembrance

### In Flanders Fields

by John McCrae, May 1915

*In Flanders fields the poppies blow  
Between the crosses, row on row,  
That mark our place; and in the sky  
The larks, still bravely singing, fly  
Scarce heard amid the guns below.*

*We are the Dead. Short days ago  
We lived, felt dawn, saw sunset glow,  
Loved and were loved, and now we lie  
In Flanders fields.*

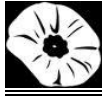

*Take up our quarrel with the foe:  
To you from failing hands we throw  
The torch; be yours to hold it high.  
If ye break faith with us who die  
We shall not sleep, though poppies grow  
In Flanders fields.*

Looking for a low cost place for rent? We have one bedroom suites available ~ with fridge, stove, washer, and dryer available. Rent is based on income, to a maximum of \$553.00/month. For more information, or to view call Darlene Olson at 967-2582

### NOTICE TO THE PUBLIC

After many repairs of leaks and replacement of parts, it has become necessary to retire our dishwasher. We have to purchase a commercial unit at the cost of approximately \$5500. As you can imagine, this unexpected expense will put a strain on our budget. Any financial assistance that we receive would be greatly appreciated.

Thank you for your consideration of this matter.

## “THANK YOU”

The Eatonia & District Chamber of Commerce had another successful Trade Show on October 22, with 47 display booths and 3 food booths. We couldn't have done it without the help of the following:

- ~ Colleen & Fred Humeny for their time, hard work and expertise.
  - ~ To Cheryl Bailey for her time & accounting assistance.
  - ~ The High School students who helped with the set- up.
  - ~ Candy Ashford, Darren Donald, Brianne Desiatnyk, and Pat Tilbert for the great children's display.
  - ~ All who donated pies for the pie booth.
  - ~ Carson Assmus and Jordan Silva for helping exhibitors unload.
  - ~ Nunweiler Flour Co. for the donation of pancake flour.
  - ~ Chesterfield Stock Farm for their donation towards the sausage for the pancake breakfast.
  - ~ Sherry & Mike Billard of the Eatonia Tavern for their support & donations .
  - ~ To all who entered booths.
  - ~ To all who helped with the clean-up at the end of the day and also those who helped in any way.
  - ~ To all who attended the show.
- All proceeds go to the Chamber of Commerce for Community Projects.  
A Huge thanks to all from the Eatonia & District Chamber of Commerce.

## Eatonia Arena Kitchen Committee News

*Did you know.....*

The Arena Kitchen Committee is made up volunteers that look after the operations of the kitchen by organizing the workers, ordering, inventory control, cleaning, bookkeeping, etc.

All the proceeds from the kitchen go back to the arena and help cover operation costs, over \$20,000 has been donated in the last 3 years. Without this donation the user fees would increase tremendously. The arena and the arena kitchen rely on our volunteers to help make this happen and everyone's hard work is greatly appreciated.

We would gladly welcome new members, if you are interested in joining please contact any of the Kitchen committee members. We also appreciate any help with kitchen shifts, if you are able to help out there will be a sign up sheet at the arena kitchen.

**New Revised Rental Agreement:** We now have a new rental agreement in place. A few key items are; Rental-full use of kitchen facilities (not including any supplies) is \$150/day. Kitchen Lobby only is \$75/day. A \$150 damage deposit will be collected in advance and returned upon fulfilling conditions of rental agreement. We require at least 1 week notice for rental requests. Anyone wanting their rental fee waived may do kitchen shifts in lieu of payment. If you have any questions, or would like to rent the kitchen or view the entire rental agreement, please contact any of the kitchen committee members.

***The Arena Kitchen Committee members are:  
Rhonda Somerville, Susan Theaker, Nicole Hartman, Teana Hayes and Tanya Hennes***

## Animal Control Bylaw

Remember that dogs are to be leashed at all times when walking around town, including playgrounds. You never know when something will startle your pet or they may not like another animal. Be safe. Pets can get aggressive under certain situations. Also please remember to pick up your pets defecates. Always carry a bag.

## Pets

Keep pets inside in extreme temperatures. It takes only minutes to freeze - when the Wind Chill reaches - 20 degrees Celsius! Of course this will depend on the size and overall physical condition of your pet. Pets are affected by wind chill the same as humans. Picture yourself without a warm coat on in the winter with no shelter. If your pet is usually an inside pet, they are not acclimatized to outside conditions as you might think. Cat and /or Dog houses **MUST BE INSULATED**. Pets need to have access to fresh water and food at all times.

### **Reminder – Numbers on Buildings**

To help with 9-1-1 we would ask your assistance by putting visible number(s) on all buildings, commercial and residential in front for easy identification of civic (Street/ Avenue) locations.

### **Snow Removal for downtown Business**

The snow will fly soon so please, remember to remove all snow and ice from sidewalks adjoining the property within 48 hours of a snow fall. Please DO NOT push snow from private or public parking lots into the streets or into any ditches. Snow that cannot be stockpiled on your lot must be hauled away. Know that shoppers and pedestrians appreciate your extra efforts and concerns for public safety. If you have a business for snow removal, you are required to obtain a business license.

### **Snow Removal for Residential**

Snow removal from sidewalks is within 48 hours of a snowfall. The snow is to be removed onto your lot or boulevard and not to be pushed out into the street as it creates driving obstacles and unsafe conditions. If there is no other option, leave the snow in a parking lane and not in the driving lane.

### **Vehicles**

The time frame for parked vehicles is a 72 hour limit then must be moved. A parked vehicle etc. also slows snow removal. Take consideration for other home owners, intersections, alleyways, etc.

### **Recreational Trailers**

The time frame for trailers is a 96 hour limit then must be moved. A trailer is not allowed to be parked

on any street from November 1<sup>st</sup> through March 31<sup>st</sup> in any year.

### **Tree Branches**

Any trees and shrubs on your property, including portions hanging off your property are your responsibilities to trim and maintain accordingly. This includes sidewalks and alleys.

### **Garbage Pick:**

Front street garbage pick-up will begin on Monday, Nov 7<sup>th</sup> **Please have your garbage out front by 8:00a.m.**

**These are just a few of our Bylaw provisions. If you have any questions or concerns on the Bylaws, please phone the Town Office (967-2251), Monday to Friday between 9 a.m. & 5 p.m.  
For after- hours 460-8908**

*Congratulations to Bill Wardill who has been nominated for Saskatchewan Senior Volunteer Award. He was recognized for all his volunteer hours to the United Church, Eatonia Cemetery, Eatonia Heritage Board and various other groups throughout the years. Eatonia is lucky to have a volunteer like Bill!*

# EATONIA NEWS BULLETIN

NOVEMBER 2011

October has been an exciting month full of fun and entertainment. We enjoyed our usual activities of baking, playing the Wii, morning exercises and work bee. We made ice cream sundaes again...even though it is cooling off, the residents still like their ice cream treats! The residents were pampered by manicures as well. Games of Balloon Badminton and Guess the Word were also enjoyed by many! We got the gladiola bulbs in and the flower beds cleaned out. A Big thanks to Dick Turner for all his help! We couldn't have done it without you!

As of the end of October, we have 20 residents staying at E.O.L. We would like to welcome Jean Dand from Kindersley and Tena Billingsley from Leader. We also had Ross Townsend from Kindersley stay with us for a short time. Sylvia Walde, also from Kindersley stayed with us for a while as well. It was very nice to get to know you both.

We need to thank all the Church ladies who volunteer their time to help fulfill the residents' spiritual needs. This is an important service that you provide. You are greatly appreciated by all the residents and staff of E.O.L. We also need to thank Marie Smith for organizing our Craft days...Thanks once again!

Other volunteers include Amanda Longmuir for helping with our weekly Bingo; Vicki, Brody and Chase Oomen for helping

serve evening lunch; and Trudy Bews for helping serve Bacon and Eggs.

The residents were entertained by the Eatonia Playschool Class this month. They sang songs for us and stayed for a visit. We look forward to seeing more of you! We also had a Halloween Party hosted by the Lutheran Church ladies. There were no birthdays to celebrate and Halloween was a good excuse for a party. We were lucky to have the Songbirds here again to perform for us...A big thank you to all of you!

We are looking forward to carving pumpkins...if you have a few to donate that would be great! We are also looking forward to handing out candy to all the ghosts and goblins, so don't forget to stop at E.O.L. We will be ready for you at 5:00...see you then!

## DONATIONS RECEIVED THIS MONTH...THANK YOU!!

Irene Hyland—grapes  
 Laviah Hayes—cookies and muffins  
 Marie Smith—cookies, carrots

## Occupational Therapy *Skills for the job of living.*

---

---

### Don't Slip Now!

---

---

Ice and snow are hazardous. Each year, Canadians slip and fall straining muscles and even breaking bones when they are removing snow. Here are a few *Skills for the job of living tips* from occupational therapists to make snow removal safer and easier.

#### Warm Up Those Muscles

- \* It is important to stretch the muscles involved in snow shovelling before hand to avoid any injury.
- \* Stretch your leg muscles, do some spinal stretches and arm swings.
- \* A light pushing motion of a small amount of snow will also help to prepare and warm up the body for the arctic onslaught that is ahead.

#### Choose the Right Muscles

- \* A shovel that is too big for you may mean you have to push and lift 20 pounds of snow; one too small will make 1000 paths and take you much longer.
- \* Wear proper footwear. Good treads on winter boots are a must.

#### Good Positioning

- \* A broad-based grasp with your hands spaced shoulder width apart on the handle will provide you with the leverage necessary to complete the task efficiently.

#### Add Some Sand or Salt

- \* For hard packed snow, consider adding salt or sand to speed up melting or to provide some traction.

#### Lifting and Bending

- \* Always lift with the larger muscles of your legs and bend at your knees. Avoid bending and lifting solely with your back.
- \* Don't forget to 'breathe' when lifting.
- \* When tossing the snow avoid twisting the back – toss the snow directly in front of you.
- \* Shovel several smaller and lighter loads rather than one large load.

#### Don't Overdo it

- \* Shovelling snow is like any strenuous activity. Plan rest breaks throughout. It's not necessary to clear it away as fast as it falls. Pace yourself!
