EATONIA OASIS LIVING MARCH NEWS

March has been a busy month with Spring fast approaching! Everyone is getting excited for the warmer weather and looking forward to watching the snow start to melt...AGAIN! We have also enjoyed the colorful and festive green decorations of St. Patrick's Day. We have 20 residents at Eatonia Oasis Living. We bid farewell to Margaret Russell. She has moved to Heritage Manor in Kindersley. We will miss you, Margaret!

We have enjoyed our usual activities of morning exercises and work bee, baking, playing the Wii, Balloon Badminton and Shuffleboard. We had a game of Guess the Word, as well. Ice-cream sundaes were enjoyed by all and we can't wait until we can have them on the patio. Our weekly Bingos are still a hit; everyone scrounges up their quarters to come play! On March 15th the residents celebrated St. Patrick's Day by trying their luck at the evening Bingo hosted by the Auxiliary. The Eatonia Health Care Auxiliary will be having one more Bingo this year—APRIL 18TH!! Mark it on your calendar!!

The ladies had a special treat this month. Leah Helman pampered them with manicures! The sparkly nail polish was very popular, and the sugar scrub was wonderful! Thank you, Leah! Thank you to Marie Smith, as well for organizing our Craft sessions. The residents are always proud of their bulletin board display!

World Day of Prayer was held at E.O.L. on March 2nd. Thank you to all that were involved in the planning of this to make the day so successful. Thank you to all the ladies and gentlemen from the various denominations who volunteer their time to provide our weekly church services.

This is very important to the residents, and the time you spend here is greatly appreciated.

This month we celebrated Berneice Wagner's birthday. The Lutheran Church ladies hosted a fantastic party! They arranged for the Men's Choir from the Lutheran Church in Kindersley to come sing! It was enjoyed by all!

Students from Eaton School's Kindergarten and Grade 1 class, accompanied by Mrs. Follensbee, and the Grade 2 and 3 classes, accompanied by Mrs. Frison visited us to recite their poems for Choral Speaking in the Music Festival. Everyone truly enjoyed this! There were a few proud Grandmas and Great Grammas in the crowd! We were also entertained with an afternoon of music by Laura, granddaughter of Laviah Hayes. The residents always enjoy singing along to some of the oldies and reminiscing about past dances and get-togethers. Thank you for taking time to visit us, Laura.

The residents always like having visitors. They love to see children and pets. If anyone would like to drop in and spend a few minutes having coffee, participate in an activity or just to say hello, please contact Vicki or Cora at 967-2447. The residents would love it!

Our sincere gratitude goes out to all of you who have made a donation of any kind to our facility. We appreciate it very much!

HAVE A HAPPY SPRING!!

APRIL 2012

The Eatonia Bullriding Committee would like to thank Eatonia and surrounding communities for their continued support over the last 9 years. Without our sponsors and amazing volunteers this event would not be possible. This year marks the 10th anniversary of the Eatonia Bullriding. We are proud to say that to date we have donated approximately \$104 000.00 back into our community. Some of our bigger projects have included the making of the 4 bleachers that sit around the football field, the new sound system in the hockey rink, the overhead door at the hockey rink, as well as numerous groups and committee donations in Eatonia and surrounding areas.

In 2011 we donated as follows:

The sport of bullriding comes to our town through the hard work and dedication of a committee who is not only passionate about our community but about bullriding itself. PBR Canada (Professional BullRiders) brings us the very best bullriders and bulls in our sport.

Every year the top bullriders and bulls come to our community to compete in what is called the Canadian Touring Pro Division. Some of our past bullriding winners have gone on to become Canadian PBR champions that represent us all over the world.

Currently there are 4 Canadian bullriders competing on the PBR Built Ford Tough series in the United States. All 4 of these Canadians have competed here in Eatonia. Our Eatonia champion from last year Matt Bohon from Cole Comp, MO has also now qualified to compete on the PBR Built Ford Tough series. For all of the latest

The 2012 Lions Tour was a memorable and incredible experience for the twenty-eight Eaton School grade 7, 8 and 9 students who set out for Moose Jaw and Regina on March 6th and 7th. Our first stop was the Tunnels of Moose Jaw where students stepped back in time as the stories of the tunnels under Moose Jaw came alive in two interactive theatrical tours. Students followed the Passage to Fortune through a maze of underground spaces and learned much about the history of Chinese immigrants in Canada and the intolerable conditions they endured to realize their dreams and succeed. On the second tour, students entered the secret world of Al Capone for a taste of the high life and learned how Moose Jaw earned the nickname Little Chicago.

Next stop...Regina. Following excellent service and a delicious meal at Boston Pizza, we arrived at the Saskatchewan Science Centre for the Anatomy After Hours Camp-In. We began our Camp-in experience with an IMAX movie feature presentation of "Tornado Alley-3D" in which storm chasers and researchers raced to learn more about the weather phenomena of tornadoes, taking viewers into gale force winds,

torrential rain, and unrelenting hail. Following the movie, fun exploration of the exhibit floor was enjoyed by all. Students checked out the different displays: Ag-grow-land, the Science of Hockey, Windyville, Critters, Wild! Saskatchewan, and Discovery Junction. To study the cardiac system and learn about our most important muscle – the heart – students dissected pig hearts. This was met with differing opinions: "interesting", "cool" or "gross". The challenges of the 18.3m climbing wall was a thrilling experience as students used their strength to climb, belay, rappel and ascend. The program ended with a "shocking" experiment to teach the kids more about static electricity. After, everyone set up their beds in the Science Centre, and it was lights out. The next morning, we were off to Mosaic Stadium – Home of the Saskatchewan Roughriders to meet #89 Chris Getzlaf and experience some of the rich Roughrider history and stadium atmosphere first-hand. It was very exciting to meet Chris and he had lots of interesting things to tell the students as he took us through the stadium. We were able to check out both the visitors' and Riders' locker rooms, the film and meeting room, and the Green and White Lounge. As well, we had the opportunity to step out onto the playing field, take a look from a player's point of view, and imagine the passion of Rider Fans. At the end of our tour, students lined up to get Chris's autograph and he gave them some Rider tokens to remember their visit to Mosaic Stadium.

The CBC TV/Radio Station is Canada's national public broadcaster. Here, students were taken through the station and were exposed to television, radio, internet services and programming such as news, weather, arts and entertainment. In the recording studio, a technician explained about mixing sound. They also learned what it's like to report on the ever changing weather and they met Sheila Coles who spoke to the students about her role as a news person. Our final stop on the tour was 15 Wing Moose Jaw – the principle site of flying training schools and the world-famous Canadian Forces Snowbirds. Upon our arrival, students were introduced to Eaton's own Major Brian Bews. Pilots in training led students to different parts of the base. In maintenance, our group checked out the Hawk, the Harvard and the Snowbirds aircraft. Being able to sit inside one of the snowbirds was very cool. Students were shown simulations in which pilots practiced ejecting from an aircraft in an emergency or flying an aircraft while experiencing

EATONIA NEWS BULLETIN

APRIL 2012

controlled emergencies. In the control tower, they watched as different aircraft took off and landed under the guidance of air traffic control.

The Grade 7, 8 and 9 students of Eaton loved the once-in-a-lifetime experience of touring the Tunnels of Moose Jaw, the Science Centre, Mosaic Stadium, CBC TV/Radio, and 15 Wing Moose Jaw. Students' comments about their tour included: "Fun!"

"Awesome," "Very interesting," "Amazing," "Enjoyed the experience," and "Loved it".

A special thank you to our bus driver, Chris Theaker, for donating his time and getting us to Regina and back safely. **THANK YOU SO MUCH** to the **Lions Club** for sponsoring the entire tour and to those Lions members who chaperoned. Eaton students are extremely appreciative of the opportunity provided to them by the Eatonia Lions Club which has continued with this tradition that began in 1963.
