MAYOR'S MESSAGE

Happy New Year All!

Welcome to 2018, I am looking forward to turning over the calendar and getting a new year under way. At the end of November there was an open town meeting, a big thank you to all those who came out to ask questions and provide suggestions, it was appreciated by myself, council, and administration.

By now everyone would have received their blue recycling bin before Christmas. Please put all of your clean acceptable recyclables in this bin and place it on the street by 7:00 am for the first pick-up on THURSDAY JANUARY 4TH. All information regarding what can be recycled, bin placement, and an annual pick-up schedule can be found on our website at www.eatonia.ca. There are no changes to garbage pick-up at this time but expect other changes to the towns waste services in the future as we continue to talk about ways to encourage waste diversion from the nuisance grounds.

Speaking of waste, what is your opinion on a compost program; should we look at ways to divert grass clippings and other yard waste?

The Housing Authority is in need of 2 new board members. This group looks after Corcoran Place and meet only 8 to 10 times a year.

Did you know that the town can provide custom work? Before calling someone from out of town give the town office a call.

Yours Truly,

Steven Schwartz

CURBSIDE RECYCLING

The Town of Eatonia has entered into an agreement with Triways Disposal Services to provide curbside recycle collection to residential residents.

The recycling service is a single stream – a system where a recyclable materials, including cardboard, paper, plastics, tins and aluminum products, are placed unsorted in the blue recycle cart. A brochure will be mailed out with the next utility billing for your reference.

All residents are encouraged to remove all recyclables from their waste stream and deposit them in their cart.

Each cart provided to a residence shall be for the sole use of the owner or occupant of the residence; and carts shall not be removed from the residence by the owner or occupant, or used for any other purpose other than as permitted. The carts must remain and are registered to the said property, regardless of transfer of ownership of the property. If a cart is damaged due to negligence, lost and/or stolen it is considered the owner or occupant's responsibility and could potentially result in you purchasing the cart in this matter.

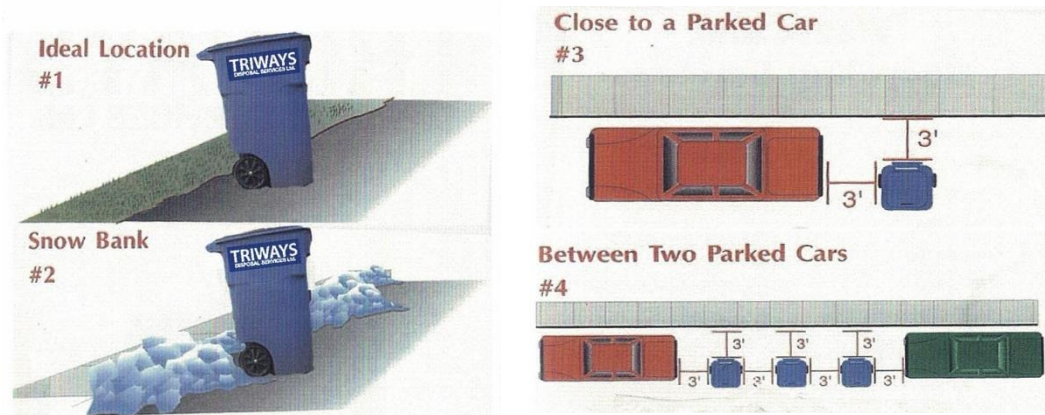

Unless otherwise instructed by the Town, users shall place carts on the street in front of their property with the cart wheels facing the curb allowing at least three (3) feet on all sides of the container.

Carts must be placed for collections no later than 7 a.m. on scheduled collection day and no earlier than 6 p.m. the day prior to collection. Carts must not remain on the street longer than 12 hours after scheduled collection.

Carts may not be emptied if:

- a) Contents of the cart are too heavy;
- b) The cart contains non-recyclable materials;
- c) The cart is over-filled so that the lid does not close;
- d) The cart is not accessible by the truck, due to improper placement next to vehicles, snow banks or other obstacles; and
- e) The cart was not placed at the curb by the appropriate time.

An annual pick-up schedule and a list of acceptable materials will be mailed out with your utility notice. They can also be found on our website at www.eatonia.ca.

Park It

- Park the cart for pickup by 7:00 a.m. on day of collection.
- When there is a snow bank built up along the curb, make sure the container is out further than the snow as illustrated in drawing #2.

Point it

- Point lid arrows towards the street.
- Close lid

Space It

- Ensure cart is 1 metre (3 feet) clear of all obstacles and not blocking traffic as illustrated in drawings #3 and #4.
