The town has had a couple of issues with the water line to the house leaking. Did you know that the town is responsible for the costs to repair the street portion to the property line and the home owner is responsible for the costs to repair the lines from the property line to the house?

Most insurance companies have coverage available that will cover the repairs or replacement of the service lines on your property. Please check with your insurance broker to see if you have service line coverage or if this is something that you might want to add to your policy.

The town is encouraging residents to report water and sewer leaks in a timely matter. Timely water line repairs conserve water and reduce water loss and damage to property. Timely sewer line repairs minimize wastewater pollution helping the environment.

# ABOUT CORONAVIRUS DISEASE (COVID-19)

## WHAT IT IS

**COVID-19 is an illness caused by a coronavirus.**

Human coronaviruses are common and are typically associated with mild illnesses, similar to the common cold.

## SYMPTOMS

Symptoms may be very mild or more serious. They may take up to 14 days to appear after exposure to the virus.

FEVER

DIFFICULTY BREATHING

## HOW IT IS SPREAD

Coronaviruses are most commonly SPREAD from an infected person through:

- ▶ respiratory droplets when you cough or sneeze
- ▶ close personal contact, such as touching or shaking hands
- ▶ touching something with the virus on it, then touching your eyes, nose or mouth before washing your hands

These viruses are not known to spread through ventilation systems or through water.

## PREVENTION

The best way to prevent the spread of infections is to:

- ▶ wash your hands often with soap and water for at least 20 seconds

- ▶ avoid touching your eyes, nose or mouth, especially with unwashed hands

- ▶ avoid close contact with people who are sick

- ▶ when coughing or sneezing:
  - cover your mouth and nose with your arm or tissues to reduce the spread of germs

- immediately dispose of any tissues you have used into the garbage as soon as possible and wash your hands afterwards

- ▶ clean and disinfect frequently touched objects and surfaces, such as toys, electronic devices and doorknobs.

- ▶ stay home if you are sick to avoid spreading illness to others

## IF YOU HAVE SYMPTOMS

- ▶ stay home to avoid spreading it to others
  - if you live with others, stay in a separate room or keep a 2-metre distance

## **Eatonia Band Association** **Spring Fundraiser**

After much thought and discussion, the Eatonia Band Association has decided to postpone/cancel our fundraising efforts for this spring. While we understand there would be no harm to anyone to pre-sell flowers over the phone or online, we are really unsure as volunteers how we would implement delivery so as not to put anyone in our community at risk of contracting or spreading Covid-19. As well, in these tough economic times, we have decided it best not to fundraise in our community. We would much rather err on the side of caution to keep everyone safe. We feel it is the right and the only decision to make if we are serious about flattening the curve. Thank you for your understanding and for your support of all our fundraising efforts in the past.

## Eatonia Oasis Living

March 2020

We hope everyone is staying healthy in these very trying times. Staff and residents at EOL are all well. Thank you to everyone who has given their support to us—donating masks, making masks, offering volunteer services if needed...we appreciate it so much.

We are following the recommendations/mandates from the Saskatchewan Health Authority and will continue to do so. Visitors are restricted at this time and non-essential staff are working from home. If we all do our part, this will come to an end.

Until then, stay safe!
