*Thank you for the many acts of kindness and support shown to myself and our family in the passing of Don. Your compassion, warmth and sentiments were conveyed in your actions and words. Your messages of sympathy and remembrances, along with your gifts of flowers, baking and meals, comforted us greatly at a difficult and challenging time. As a family we are grateful to be surrounded by a community filled with friends, who were a meaningful part of Don's life.*

A huge thank you to our community for all the gifts, cards, well wishes, and support through the craziness of this year's grad. We are so grateful to live in this town where there were so many people who came out for the parade and gave us one of the best grads ever. A very special thank you to Mrs. King, Mr. Hault and team who once again pulled off something amazing - we can only imagine the work it took to pull this off with rules and situations changing daily. Know how much we have appreciated you through the years but even so much more after this! Thank you!

Hannah and Emma Eckstein

Thank you to my family, Eaton School and the rest of our community for making my graduation an awesome celebration! Thank you to everyone that sent texts, cards and gifts. Thank you to Trish Lee and Joanne Stusrud for driving our bus to the party. No matter where I go in life, Eatonia will always be home!

Cade Hayes

This community means so much to me since I have grown up here my whole life and it is even more special to me now because it was a part of my special day, my graduation day. I was wondering if I was able to even have a graduation day due to the COVID-19 pandemic. Thanks to the whole community and especially to Mrs. King, Mr. Hault, and their committee for putting in the time to throw a wonderful grad ceremony and a parade during these stressful times. It was stressful for everyone, but we were able to get through it. The amount of work put into the grad ceremony did not go unnoticed. I could not believe the amount of support I got from our town when it came to my graduation day. Graduation day is more than just getting a diploma, it is a day to celebrate the past 13 years I have spent in our school. I have put in a lot of hard work into my studies, playing sports, learning life lessons, etc. Having a graduation ceremony makes everything I have done for our school/community worth it. Everyone made an effort to see the parade and to give all the graduates some words of advice before our departure into the real world. I just want to give a big thanks to everyone who gave me gifts, cards, and greetings. I received so many envelopes and gifts from our community, I am starting to feel like a super star. Also, a big thanks to my teachers over the past 13 years for helping me become a better individual and the person I am today. Thank you again to the teachers for taking the time to help me complete my school subjects after the school closed. I always try my best in everything that I do to make my town proud. I feel ready to face the challenges I will meet in my near future. I am planning on heading to the University of Saskatchewan and get a Bachelor of Science in Kinesiology. Not sure when I am going to move into Saskatoon, but I will never forget the place I call home.

Sincerely,  
Jackson Schuh
