RECYCLING RATE INCREASE

Recycling rates charged on the bi-monthly utility bills have increased effective July 1, 2020. You will notice this increase on the July-August, 2020 billing which will be mailed out on September 1, 2020. The rates are increasing from \$5.00 per month (\$10.00 on the bi-monthly bill) to \$6.00 per month (\$12.00 on the bi-monthly bill). This is due to the increased costs for the pickup and delivery of the recyclables from town to the recycling facility and administrative costs.

Thank you for recycling and for doing your part to divert waste from the landfill!

COMPOST PICKUP

The town is looking at contracting with Triways Disposal Services for bi-weekly compost pickup with the green bins for town residents. It will start with just yard composting which includes grass clippings, leaves and garden debris. Household mixture composting will not be included at the start but will possibly be added later. Composting pickup will run from April to October. The composting will go out to Kelly Dearborn's compost pile. It will not be going to the town landfill.

The town council is still in discussion with Triways as to what the costs will be. The cost will depend on how many people are interested in a compost bin. We will need approximately 80% of the town residents to make the program work.

The town council is looking for resident's input. Would you be interested in compost pickup starting in April, 2021? If you have any questions, concerns, or feedback please contact the town office at

306-967-2251, email eatonia@sasktel.net or contact a council member.
