

Mission of the ECSC

*To fund community development
in Eatonia and surrounding areas*

ECSC—also known as “The Cooperative”

- Formed in March 1976 to build, purchase, or otherwise acquire and operate a community project, for recreation on a non-profit basis for the residents of Eatonia and district
- First project was the building of a new arena complex in 1976
- Became active again in 1998 for the building of a new Community Hall
- Since 1998, the Cooperative has partnered with numerous non-profit organizations, special interest groups, recreation facilities, schools and local organizations to finance projects that will make a difference in our community
- The Income of the Cooperative is obtained by fundraising efforts and donations

\$1,500,000.00
to the above projects**

ECSC

Eatonia Community Services Cooperative

- These organizations are required to make a presentation consisting of the details of the project, the cost of the project and how much they can contribute.
- If the project is approved the Cooperative has the ability to finance the project if the available funds do not cover the cost.

Possible Future Project - Fire Hall

The Cooperative has been approached by the CEN (Eatonia/Chesterfield/Newcombe) Fire Protection Association to consider financially supporting a new Fire Hall project.

CEN is in the early planning stages of building a new Fire Hall in Eatonia which will provide services to the residents within the community of Eatonia and the rural municipalities of Chesterfield and Newcombe.

The Eatonia & District Fire Brigade provides necessary services with the intent being to minimize loss of life and property in all aspects of Volunteer Emergency Response, including responding to home, building & grass fires, as well as emergency vehicular and critical incidents.

Please complete the survey at the following link to assist the Cooperative in determining the financial support of this project by residents living within CEN.
